Re: Mitigation of Division Directive, Neil Bradshaw, Bright Project, M/021/030, Iron County, Utah

Dear Mr. Bradshaw:

This letter is to notify you that the requirements of the Division Directive, dated November 8, 2002, have been completed. The requirements of the Directive were to submit a Notice of Intention to Commence a Large Mine Operation and submit an additional \$350 permit fee. On December 9, 2002, the Division received a completed Notice of Intention to Commence Large Mining Operations and the additional \$350.00 permit fee for the Bright Project.

The Division has placed your plan on our list of notices to be reviewed and will complete the review as soon as possible. Due to the holiday season and vacations that have been scheduled, the review of this plan will not be completed within the 30 day limit. The Division is extending the review period an additional 30 days and anticipate completion by February 9, 2003.

Thank you for your cooperation. If you have any questions, please call me at (801) 538-5286 or Doug Jensen at (801) 538-5382.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
